

Pohutukawa Coast Crimewatch Patrol

We are a non-confrontational group which assists the police by observing and recording information of any potential wrong-doing. What we ask of you is that you give a couple of hours a week (preferable) or any time you can spare during any one month.

We have a dedicated vehicle, equipped similar to a police patrol vehicle, and you will need to log on and off with the police communications centre each time you go out on patrol.

While you have no police powers, your help to the local police is immeasurable, as we will be the ears and eyes for the times our two officers are not available. Be assured, your information will be followed up.

We look forward to your joining our team.
